

REMARKS

The specification has been amended to cross-reference to related applications and to replace the sequence listing found in PCT/US2004/038865 with the paper sequence listing filed concurrently, which updates the header fields in accordance with the present application. The claims have been amended to reduce the excess claims fee, to correct improper multiple dependencies, and for clarity. No new matter has been added by the present amendment.

Respectfully submitted,

Kristina Bieker-Brady, Ph.D.
